Welcome to CarShare Vermont!

CarShare Vermont is a Burlington-based nonprofit on a mission to provide an affordable, convenient, and reliable alternative to private car ownership that enhances the environmental, economic, and social wellbeing of our region and planet. Thank you for joining us! Your membership will go a long way toward maximizing the benefits of carsharing in our community, including a better environment, improved mobility, and healthier people.

This Member Handbook covers everything you need to know about using CarShare Vermont, including your responsibilities as a member, our policies, and fees. Please read it carefully and be in touch with any questions.

Using CarShare Vermont

All CarShare Vermont members can reserve any car from any location at any time. **Please note that non-members may not drive our vehicles under any circumstance.**

Visit our website to reserve a vehicle at a specific pod location for a specified amount of time. *You may only access the vehicle you've reserved from this location at the time of your reservation.*

Pods and Cars. CarShare Vermont's vehicles live at "pods," or designated parking locations. Each pod has at least one car, which is parked in a space marked by a CarShare Vermont sign. Only the CarShare Vermont vehicle(s) that belongs to a certain pod can be parked there.

Making a Reservation. Members must make a reservation in order to use a CarShare Vermont vehicle. Members may make reservations online, via the CarShare Vermont app, or by calling the office during business hours. Reservations can be as short as 30 minutes or as long as 10 days. An individual member is prohibited from scheduling more than one reservation for a single period of time.

Cancellation Policy. You may cancel a reservation before it starts or shorten a reservation that has already begun. Members can cancel up to 4 hours before the start time without any charge. If you cancel or shorten with less than 4 hours notice, you will pay for any time reserved that falls within 4 hours of the time of cancellation.

Access the Car. Use your access card or the CarShare Vermont smartphone app to unlock the vehicle's door when you have a reservation. The access card/smartphone app also enables the ignition so the vehicle will start. To use your access card, hold it up to the reader, located on the driver's side windshield (the reader is the gray square box with red, yellow, and green lights). After a few seconds, the driver's side door will unlock. If using the smartphone app, select the reservation that you are ready to access, and press and hold the green Start Reservation button. This action will unlock the car.

Starting the Car. Open the glove box to find the keyholder, and remove the key and start the car. Even in vehicles with a push button start, you must still remove the key from the keyholder. Be sure to take the key with you and use it to

lock and unlock the vehicle throughout your trip, NOT your access card.

Reporting Damage. Before you begin and end each trip, please be sure to check the vehicle inside and out for dents, scrapes, and other damages. If you notice any damage, please refer to the Damage Sheet stored in the glove box – all previously reported damage will be marked on the Damage Sheet, indicating that CarShare Vermont is already aware of it. Please call CarShare Vermont before leaving the pod to report new damage (i.e. damage not already marked on the Damage Sheet). *If you fail to report damage to a vehicle, you may be held responsible and/or fined.*

For non-urgent vehicle issues, such as cleanliness, odors, low gas levels, and missing items, please contact our office as soon as possible during or after your reservation. You may leave a voicemail at our office or send an email to report non-emergency problems with the car. *Please always remember to provide your full name and a detailed description of the problem you are reporting.*

Getting Gas. It is your responsibility to make sure the gas tank is at least one-quarter full when you return the car. You should use the gas card located on the backside of keyholder inside the glove box. *This gas card can be used at most major gas stations, only by members and only to purchase gas, for the CarShare Vermont vehicle you are driving.* Swipe the card at the pump as you would any credit card, and you'll be prompted for a Driver ID (visible on the card) and the odometer reading of the vehicle. If you're unable to use the card, please pay for gas and email a copy of your receipt to info@carsharevt.org and we will credit your account. *You must always return the car with at least one-quarter tank of gas. Failure to do so will result in a fee.*

Charging up. For our electric vehicles, it is your responsibility to make sure that the EV is properly plugged in and charging after you have returned the car. You should follow in-car instructions and use the designated charging card located on the backside of the keyholder or in the zipper pouch inside the glovebox. If you are on a trip trying to charge up, there are also ChargePoint and EVgo cards available. For all other stations, please pay for charging and submit a copy of your receipt to info@carsharevt.org so that we can credit your account. Please call our emergency line if you are having trouble charging, finding a charger

nearby, or are unsure what to do.

Running Late. First, please always try to extend your reservation if you think you'll need more time. You can do so online or with the app. If you're unable to extend your reservation because someone else has a reservation immediately following yours, or because you are already late, please call the emergency line immediately. If you are late, you may be charged late fees and for your additional time with the vehicle, as well as costs incurred by CarShare Vermont to accommodate the other member(s) you inconvenience. Please keep in mind that continuous or excessive lateness affects the reliability of our service and may result in the termination of your membership.

Returning the Car to its Pod. The vehicle must always be returned to the **same pod** from which you pick it up. When returning the car, please always remember to:

1. Remove the vehicle key from the ignition and open the glove box to find the keyholder. Insert the black and white data fob attached to the vehicle key back into the keyholder as you originally found it.
2. Make sure headlights and interior lights are turned off.
3. Please remove trash, wipe up spills, and check for your personal items. CarShare Vermont is not responsible for items left in the vehicle. Remember, you may be charged a fee for leaving a vehicle excessively messy.
4. If you are driving our EV, please plug in before ending your trip!
5. Contact us immediately if you can't return the car to its designated pod for whatever reason. **This constitutes an emergency**, so please don't hesitate to call the emergency line if after regular business hours.

Lock up to Finish Your Trip. After you've returned the key to the keyholder and stepped out of the vehicle, hold your access card up to the reader or use the mobile app to lock the car. This will disable the vehicle's ignition and officially end your trip.

Transporting Pets. You may transport pets in specific pet-friendly vehicles. *All animals must be in carriers, no matter their size.* To see which of our current vehicles are pet-friendly, visit carsharevt.org/locations. All other vehicles must remain pet-free. Failing to use a carrier, transporting a pet in a non-pet vehicle, or leaving pet messes (e.g. fur,

paw prints, nose smudges) will result in fees and possible termination of membership. If you find evidence of pets in any vehicle, please call or email to report it.

Traffic Tickets. If you get a traffic or parking ticket while using a CarShare Vermont vehicle, it is your responsibility to pay it promptly. If we receive notice that a parking ticket has not been paid, we will pay it and add all fees to your monthly bill, along with a processing fee.

Lost and Found. CarShare Vermont is not responsible for any personal belongings left in or on top of the vehicles; however, if we do find personal items in the cars, we will hold them in our "lost and found" bin at the office for up to sixty days. After that, we will donate it. Give us a call or send us an email to inquire about a lost item.

If you need to retrieve anything that you've recently left in one of our vehicles, make a thirty minute reservation so you can retrieve your item. *You will not be able to access the car if you do not have a reservation.*

Using Rooftop Racks. CarShare Vermont is pleased to outfit many of our vehicles with bike and ski racks for our members' convenience and enjoyment. For a list of current vehicles with such accessories, please visit carsharevt.org/locations.

CarShare Vermont is not responsible for direct, indirect, incidental or consequential damage or injuries arising from the use of any vehicle accessories, whether provided by CarShare Vermont (luggage racks, bicycle racks, ski racks, etc.). As a member, you are responsible for the safe installation of such accessories and must check their condition before each use. When using CarShare Vermont's bicycle and ski racks, you are responsible for damage caused to the rack or vehicle during your reservation. If you are at all unsure about whether or not your bike is mounted properly, do not use the rack. Please find the rack operating instructions in the glove box of vehicles equipped with racks. There is also a key for locking the quick release skewer. Please do not remove this key from the vehicle. There is a \$50 fee for lost keys.

Ridesharing. When making reservations, members have the option of making their trip visible to other members interested in sharing a ride to common destinations. The ridesharing function does have limitations. CarShare Vermont can only facilitate communication through

our platform; we cannot help with cost-splitting or any payment exchange between members. Any inappropriate conduct or breach of trust with fellow members may result in termination of membership.

Emergencies

Please call the emergency line in the event of an emergency. The following situations are considered emergencies:

- You show up for a reservation and the car you've reserved isn't there.
- The car won't start or is badly damaged.
- You're running late and you can't extend your reservation because someone else has reserved the car after you.
- You're unable to lock the car with the app or your access card.
- You've lost the car keys.
- You can't get the electric vehicle to charge.
- You're locked out of the car.
- A non-CarShare Vermont vehicle is parked at the pod's parking space when you need to return the car.
- You've been in an accident or damaged the vehicle.

For non-emergency inquiries and comments (e.g. questions about your bill, reporting insufficient gas, or general questions), please email info@carsharevt.org or call and leave a message at (802) 861-2340.
